Hi, Loretta.

I have processed my Action Memo through the first round of formal review so things are going to start happening more quickly now (BTW, we've heard nothing from the PRPs). As I am addressing comments from the review, I need some information from you. I hope you can help me.

Do you know the official title for you, Derald and Terry Ganuelas?

Can you supply the documents that first alerted you to the dumping and, secondly, any document you have in which the decision to request EPA assistance was described? I know the call to us came on October 3, 2012.
